

RECORDED TIMING DATA

Saturday & Sunday

TIMING DATA NOTICE: Due to multiple timing system faults caused by flying debris from race vehicles, only limited runs were successfully recorded. Many drivers made faster passes than reflected here. **These results are not rankings** and represent only the best recorded MPH from the data available.

VEHICLE INFO NOTE: Vehicles marked **Not Listed** were late entries and were not included in our original racer data. Vehicle information will be updated. We wanted to share the available timing data now so drivers with successfully recorded runs could see their speeds.

Race #	Last Name	Vehicle	Best Recorded MPH
46	Mottern	Not Listed	167.41
